

Healthy River, Healthy People

Healthy River, Healthy People

Healthy River, Healthy People

Healthy River, Healthy People

In Spring of 2016 Grassy Narrows First Nation people will travel 1,700 km to Toronto to call on Premier Wynne to finally clean up the 9,000 kg of mercury poison that were dumped in our river in the 1960s.

Join us as we demand justice for our people and protection for the waters and forests that give life.
